PREAMBLE

A disaster is a grave occurrence which can arise from natural or man-made causes which results in substantial loss of life, human suffering, destruction of property, and degradation of environment. This is beyond the coping capacity of the community of the affected area.

A Disaster in the Railway can be a serious train accident or an untoward event of grave nature, either on the Railway premises or arising out of Railway activity in that area, due to natural or man-made causes. Since prompt response and quick relief, rescue and restoration measures are the ingredients of an effective Disaster Management Plan, it is necessary that this is addressed in a systematic manner.

The Disaster Management Plan of Vadodara Division is a step in this direction. This Disaster Management Plan must be carefully read in conjunction with the Western Railway Accident Manual 2009 and other relevant guidelines on this subject, which it does not supersede or alter in any way.

It is our commitment to remain prepared for any disaster at any point of time. The Disaster Management Plan should be the first point of reference for all involved in disaster management.

I Congratulate the Divisional Safety Team for taking this initiative for bringing out this updated edition of Disaster Management Plan (Part-II) -2025.

Jeetendra Singh
30/1/25
(Jeetendra Singh)

Divisional Railway Manager,
Vadodara Division,
Western Railway

Date: 30 January 2025

Western Railway

PREFACE

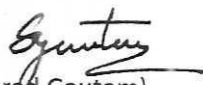

Disaster, both Natural and man-made, generally result in heavy loss of life and property. Although Indian Railways has a well equipped system to take all minor and major accidents, there is a need to have well laid down plan to be implemented whenever disasters occur.

Due to its vastness, the Railway vulnerability to the natural and manmade disaster can never be ruled out. The Vadodara Division of Western Railway is situated on the centre of Gujarat state. It had suffered blows of major earth quake, cyclone and Flood / Breaches as the Division deals with Goods Traffic, Petroleum product so the threat of fire & explosion can never be ruled out. After the Terrorist attack at the various cities few years ago, the readiness to deal with such situation has become necessary.

Keeping all this things in view, the Vadodara Division has updated its Disaster Management Plan (Part-II) as per guidelines of NDMA and Crisis Management Plan Railway Board.

This part of Disaster Management Plan (Part-II) contains information about important telephone numbers of the division, contact details of para-military forces, state administration, Hospitals, Bus depots, Fire Services, NGOs, Earth moving equipment suppliers, Station Disaster Management Plan etc.

My sincere thanks to our esteemed DRM Shri Jeetendra Singh and ADRM Shri S C Bairwa for their blessings to complete the updating of Disaster Management Plan (Part-II)-2025. I, express my heartfelt gratitude to all Branch Officers, ADSO and Safety Counselors who supported in the preparation of Disaster Management Plan (Part-II)-2025. I appeal to provide valuable suggestions for the improvement of this endeavor.

(Sharad Gautam)

Senior Divisional Safety Officer,
Vadodara Division,
Western Railway
