**‘Joint Parcel Product – Rapid Cargo Service’
(JPP-RCS) –REVISED POLICY OF JPP**

1. BACKGROUND:

Indian Railways and Department of Posts have collaborated and evolved a Joint Parcel Product (JPP). The product essentially focuses on providing an integrated service, with the first-mile and last-mile service for parcels being executed by Department of Posts and the middle mile transportation being handled by the Railways, with the interfaces being suitably jointly managed.

Presently, Indian Railways is running Joint Parcel Product – JPP trains on 13 identified routes (on round trip basis), in collaboration with India Post. These trains are time tabled services.

With a view to improve the utilization of these services and offer tailor-made logistics to meet specific needs of the customer and provide door-to-door services, it is planned to introduce provision for utilization of the parcel space available in the existing as well as prospective JPP trains, by other Aggregators also. Further, to facilitate the use of these services, a virtual aggregation platform is also being introduced for Aggregators to have information about the services.

The revised policy is in supersession of the JPP policies and circulars, issued vide Railway Board’s letters stated as below:

1. Letters No. 2020/TC(FM)/11/19, dated 10.02.2023, 23.02.2023, and 10.03.2023.
2. Letters No. 2020/TC(FM)/11/19-Part(2), dated 13.10.2022, 27.01.2023, and 10.02.2023.
3. Letter No. TC-II/2046/21/Time Tabled Parcel Express (E-3360247), dated 25.01.2023.
4. Letter no. Nil, dated 05.02.2023, issued by ED/SP&I.
5. Letter No. 2022/TC(FM)/10/04, dated 13.04.2023.

This revised policy would be known as ‘Joint Parcel Product – Rapid Cargo Services (JPP-RCS)’.

2. OBJECTIVE:

The modal share of railways in the national transport system is 28% as of the year 2023. With the vision to increase it, it is necessary that more and more industry move their goods and products through railways. This could be done by tapping into parcel segment via online booking in the existing parcel services of railways through SLR/ and VPU coaches and special parcel express trains. The modal share in parcel can be increased by creating an enabling framework for the movement of such loads by facilitating the aggregation through an Online Virtual Aggregator Platform and also by providing door-to-door services for such consignments.

24.1.2024

24/1/2024

I/3086214/2024 **4.3.1 Scheduled/Time-Tabled JPP-RCS:**

4.3.1.1 These services shall be time-tabled services. 02 (two) Parcel Vans shall be earmarked for exclusive use by the India Post, for booking/loading/unloading their traffic and will be governed by the 'Standard Operating Procedure (SOP)', issued vide Railway Board's letter No. 2020/TC(FM)/11/19, dated 27.01.2023. The remaining coaches shall be made available on 'Virtual Aggregator Platform (VAP)' for booking by other Aggregator(s)/ as per the clauses in this policy.

4.3.1.2 In case, India Post plans to book more than 02 Parcel coaches, it has to comply with the clauses in this policy which are applicable for other Aggregators. If India Post does not plan to utilize either one or both of the earmarked Parcel Vans, these will get added to the VAP for booking by other aggregators. For this purpose, India Post will convey the information 03 (three) days in advance from the scheduled departure.

4.3.1.3 At present, there are 13 such round-trip services being operated by IR. However, depending upon the traffic potential, the routes can be revised and the additional services can also be planned in future.

4.3.2 Non-Scheduled JPP-RCS Services: If there is sufficient demand (either through single or multiple stakeholders), between any pair of locations on specific day(s)/ period(s), the Zonal railway may decide to run JPP-RCS for limited period.

4.3.2.1 Aggregator(s) may opt for non-scheduled services by declaring the intent regarding the number of Parcel coach(es), they plan to book, origin-destination pair and the period in which they plans to transport. In such cases, a Wagon Registration Fee (WRF) of Rs. 5000 per Parcel coach will have to be deposited.

4.3.2.2 Depending upon the information available from different Aggregators, the Railway will decide to run a Rapid Cargo Service on a date(s) as decided. Thus, the non-scheduled service will get converted into a scheduled service. However, in these services, there shall not be any coach earmarked for **India Post** and they will have to follow the same process as being complied by other Aggregators.
