Criteria for Evaluation :

- a) Technically suitable bidders shall be considered for EOI evaluation.

Category A – Orthopedic Implant List A

- a) Titanium
- b) SS

Category B – Orthopedic Implant List B

- a) Titanium
- b) SS

Category C – Orthopedic Implant List C (Implant for Arthroscopy)

Category D- Orthopedic Implant List D (Spine Surgery Instrument)

- b) EOI shall be evaluated based on the lowest offer for the individual category of implants, i.e. Category A (Titanium and SS Separately), Category B (Titanium and SS Separately), Category C and Category D.
- c) Vendors offering the lowest rate in an individual category will be considered for EOI under the respective group of items.
- d) Firms accepting to supply at the L1 rate will only be considered for empanelment for the supply of items on a rotational basis.
- e) The L1 rates will be shared with the other bidders, and their willingness to match the same rates will be taken into consideration. Any firms agreeing to supply at the L1 rate shall also be empanelled, thereby increasing the number of firms under empanelment. Orders shall then be placed with the empanelled firms on a rotational basis.
- f) In case of emergency, if a patient requires an implant falling under a different category (e.g., Part A, Part B, etc.), the firm conducting the surgery shall be required to supply the implant at the L1 rate finalized for that respective category.
